
SCHOOL DISTRICT NO. 36 (SURREY)

No. 8475

POLICY: CAREER EDUCATION PROGRAMS

1. PHILOSOPHY

- 1.1 The Board of School Trustees considers the experience, instruction and guidance provided to students through Career Education Programs to be highly beneficial to students' satisfaction with career choices.
- 1.2 Recognizing the value of Career Education programs, the Board encourages their development and related activities.

2. INTENT

- 2.1 It is the intent of the Board that Career Education experiences outside the school:
 - a) Constitute part of teaching methodologies to reach curriculum objectives;
 - b) Be planned to minimize risk; and
 - c) Will have the responsibilities of the student, parent/guardian, sponsor/employer and the school district defined and agreed to in writing.

3. AUTHORITY

- 3.1 Administration is authorized to receive community input, establish and operate Career Education programs.
- 3.2 Administration is:
 - a) Authorized to establish standard contractual agreements between the Board, parents, students and sponsors regarding the operation of Career Education experience arrangements; and
 - b) Authorized and responsible to enter into such agreements where students are involved in career education experiences away from school.
