

District 36 Parent Advisory Council

General Meeting

September 23, 2009

Topic

PAC Gaming Cuts Challenges and Solutions

The reduction in Grants will pressure PAC's to either increase fundraising efforts, divert more fundraised money to extracurricular activities and/or reduce the amount of support for classroom activities. At this meeting we encourage respectful conversations about the challenges and sharing of possible coping strategies being used. This information will be passed on to BCCPAC as well as our Trustees.
