

LA MATHESON SECONDARY SCHOOL SCHOOL FEES AND COST OF MATERIALS

Parents and students are advised of the following school fees for the 2011/2012 school year. The school will provide the basic materials and resources necessary for students to meet the learning outcomes for each course. Students will need to continue to provide their own supplies and equipment for their own personal use such as paper, writing tools, calculators, notebooks, gym attire and musical instruments. Workbooks may be provided to students on loan or they may be purchased outright.

Some courses such as textiles and woodwork provide students with the option of using different or better quality materials which they may bring from home or purchase from the school at cost. Some courses offer optional certifications or external examinations for which there are charges. If you wish to discuss the implications that these charges may have on your son or daughter, please contact Mr. P. Sarmento, Principal.

STUDENT DEBTS			
<p>Students will be assessed a cost for lost or damaged school property (books, lockers, jerseys, etc.). Charges are based on the replacement cost of the items.
